Welcome to Medau

We trust you are enjoying your experience of the Medau way to a healthier lifestyle.

The movements you take part in are extremely beneficial to your personal wellbeing. Over time they will develop, improve or enhance your strength, stretch, stamina, and suppleness, as well as your posture, balance, co-ordination and rhythmic awareness.

We hope you feel your individual needs are addressed. Classes should be as physically challenging as you want them to be and fun to do. Your Medau teacher uses a wide variety of music, rhythm and changes of pace and dynamics to stimulate both mind and body, helping you to feel refreshed and revitalised.

By taking part in your Medau class it is good to know that you are helping yourself to keep healthy.

Medau has been successfully taught to a wide variety of people for over 60 years, so you can rest assured that you are in safe hands.

Practical advice for coming along to class

To get the most from your class please, consider the following:

- clothes – the key is to be comfortable, wear loose clothing in layers, so you can remove them as you warm up and put back on as you cool down.
- footwear – we encourage the use of bare feet as it enhances the effects of exercise. However if there is some reason why bare feet are not suitable for you, please ask your teacher about suitable footwear. Please don't wear stockings or socks on their own as this could cause you to slip.
- drinking – it is vital to keep hydrated while exercising, so please ensure you bring some water with you.
- eating – to keep your energy levels up please ensure that you have eaten something light before coming along to class. Avoid heavy meals for at least 2 hours prior to class. Please don't chew gum while you are exercising as you risk choking.
- jewellery – it is potentially hazardous to wear jewellery whilst exercising, so please remove before class.
